GOLD BUBBLE: PROFITING FROM GOLD S IMPENDING COLLAPSE

DOWNLOAD PDF

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. How do TV shows, vending machines, Chinese taxi companies, and a former UK prime minister point to a gold bubble that is about to burst? Many investors consider gold a safe haven that will shelter them from recessions, falling markets, and the depreciating value of currency. Many fail to realize, however, that investing in gold at these levels is extremely risky. We Buy Gold stores line busy streets, gold miners are no longer protecting themselves from a potential drop in prices, and gold is even being sold in vending machines. All this points to one thing: a gold bubble has formed and will collapse very soon, hurting investors, funds, and banks. In Gold Bubble: Profiting From Gold s Impending Collapse, Yoni Jacobs looks at how you can protect yourself. Presenting an in-depth analysis of gold dating back over a hundred years, the book explores the structural factors that have allowed gold to form a bubble, why an investor psychology of fear and greed is leading to extremely speculative behavior, why gold will fall during an upcoming recession, what effect the dollar and the stock market will have on the future of gold prices, and how to profit from a gold collapse while the majority of investors lose out. There are plenty of warning signs that gold is about to decline and this book will help you to get ready. Gold Bubble is the only book to argue that a gold bust is coming, going head-to-head with the herd mentality. Filled with practical advice on how to protect yourself and even profit from gold s collapse by being prepared for what s ahead. With gold prices up over 2,500 percent...
