Global Education on Trial by U.S. College Professors

By Emmanuel Jean Francois

VDM Verlag Dez 2010, 2010. Taschenbuch. Book Condition: Neu. 221x152x28 mm. This item is printed on demand - Print on Demand Neuware - This book unveils the verdict of U.S. college professors about global education. It presents the findings from a nationwide study conducted about motivational factors and worldview dimensions associated with perceptions of global education initiatives by college professors in the United States. This is a must read for researchers, scholars, higher education leaders and administrators, and students who are interested in understanding the secret for internationalizing curriculum in post-secondary institutions. This book can help policy makers and college and university administrators adopt policies, which can create an environment that fosters global education engagement required to promote cross-cultural understanding, produce global competent graduates on the global market, and meet the challenges of a globally interdependent world. 352 pp. Englisch.

Reviews

This kind of pdf is every little thing and made me seeking ahead of time plus more. It generally will not price excessive. You will not truly feel monotony at anytime of the time (that's what catalogues are for concerning should you request me).

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
