Brand New Book ***** Print on Demand *****.This document reflects the Investment Process Plan of Rede Wealth (r). It should not be considered a One size fits all solution. It is best used as a foundation for our relationship with you; an instruction manual, intended to give you a better understanding of our Process Plan. It has been developed with the benefit of our investment experience and analysis. Our process is not fixed and requires your input to be effective. The best planned process is worthless if it doesn t meet your needs, you don t understand it or worse yet, aren t comfortable with it. We can provide the building blocks, but you must provide needed context. Together we can make this document yours; the end result will help us, prepare you for all seasons and position you to stay invested when conditions prove challenging. Timing isn t everything, but TIME is. Our sincerest hope is that when the markets challenge you, you ll be prepared because we helped you create a framework that allows you to clarify your process plan. Please follow us:
