The Musical Brain

By Abel James

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 70 pages. Dimensions: 8.0in. x 5.2in. x 0.2in.Music is everywhere; it pumps through earbuds, elevators, commercials, arenas, and its even beamed out to space. But despite its rampant abundance in human experience, history, and culture music has no clear adaptive function. This begs the question: What are the origins of music, and why does it play such an enormous role in our lives Did music arise from sexual selection, from the faculty of speech, as a group-oriented communication device, or is it merely a fortuitous side effect of various perceptual and cognitive mechanisms that serve other functions In this multidisciplinary review of academic literature, Abel Jamesincorporates research in neuroscience, linguistics, perception andchallenges a wide range of eminent thinkersto uncover the origins of music and explore its profound effects on the human brain. The Musical Brain is a technical review of extraordinary breadth. There are books that you read and there are books that you study. The Musical Brain falls into the latter category. - Tony Federico This item ships from La Vergne,TN. Paperback.
